

PUBLIC LEDGER

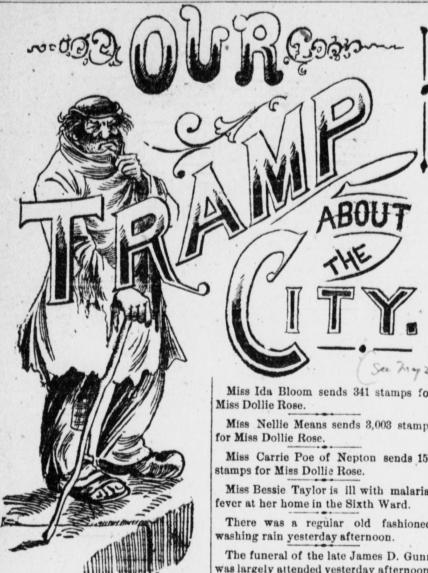

THIRD YEAR.

MAYSVILLE, KY., MONDAY, MAY 7, 1894.

ONE CENT.

CONJUGAL LIFE.
The First Data Ever Officially Gathered in the United States.

IT'S SO IF
IT'S IN
THE
LEDGER.

George H. Martin sold to J. H. and C. L. Sallee his interest in the old Lloyd property on Sutton street for \$325.

The Ministers Union of Lexington has adopted resolutions opposing Congressman Breckinridge's re-election.

The K. C. will change time Sunday, May 13th. No. 12 will leave Lexington at 5:45 p. m. and will not wait for the train.

It being impossible to get fixed up in time, Bruce Easton's Confectionery Store will not be opened today as announced, but will positively open tomorrow.

COLORED ODDFELLOWS.

An Imposing Display Made by Them in Procession Yesterday.

Yesterday afternoon the members of Mayville Star Lodge No. 194, G. O. U. O. F., had Thanksgiving service at the Bethel Baptist Church.

The Rev. William Alford of New Richmond delivered an appropriate sermon.

The church was handsomely decorated for the occasion.

At half past 1 a procession was formed, headed by Silas Marshall, and the members made a fine display as they marched to the church.

Delegations were present from Flemingsburg, Mayslick, Ripley, and Covington.

The Sisters of the Household of Ruth were present also.

It was a great day for the colored Oddfellows of Mayville.

ANOTHER FORGED CHECK.

A Slick Duck Cashes Thompson & McAtee's Check at Vanceburg.

He used the name of H. W. Worrell. But it is just as likely to be Jones.

Friday was an unlucky day for Thomas H. Carter of Vanceburg.

That day he bought some experience that he will not soon forget.

H. W. Worrell was in Vanceburg and had lost all wealth. He was the possessor of a check for \$30, payable to his order, and preparing to have it drawn on the First National Bank by Thompson & McAtee of this city.

This he presented at the Deposit Bank, fully indorsed, and proffered Dr. T. S. Clark the Cashier a letter telling who he was.

But the Doctor wouldn't have it; he wanted some one in the flesh to step up and say who Worrell was, and who would write his name across the back of the check to keep Worrell's name company.

And it wasn't long until Worrell steered Colonel T. H. Carter up against Cashier Clark's counter and got the seads on a piece of paper in words and figures following:

No. 1014. MAYSVILLE, KY., May 3, 1894.

THE FIRST NATIONAL BANK.—\$95.

Pay to the order of H. W. Worrell.

Thirty-Nine —— —— \$95 DOLLARS.

Thompson & McAtee.

Across the back were the names—H. W. Worrell, T. H. Carter.

Worrell pocketed the proceeds and was not long in making out to town.

The check was drawn on a bank where Thompson & McAtee have no account.

It was numbered; they never number their checks.

The firm's name across the left end was printed with a rubber stamp, as were also the number and the date.

The Deposit Bank sent the paper here

for collection, and when the First National received it Saturday it was at once taken to the State National, and being handed to Paying Teller John Duley he at once pronounced it bogus.

There had been an attempt to imitate the handwriting of Allie Thompson, but Mr. Duley was too familiar with the signature to be deceived.

Dr. Clark, Cashier of the Vanceburg Bank, happened to be in the city at the time, and by his direction the paper was protested. This will add \$2 more, so when Mr. Carter goes to bed tonight he will be \$41 50 worse off than when he formed the acquaintance of H. W. Worrell, Slick Duck.

For the next ten days Mitchell & O'Neil will offer the Champion Lawn Mower at very low prices. This is the best machine in the market in quality of material, lightness of draft, and so constructed as to prevent the grass from clogging.

The Absalom Turnpike Company's new officers are:

Secretary—R. S. Weaver.

Superintendent and Treasurer—Willis Weaver.

Directors—S. C. Weaver, Willis Weaver,

Ed. Watson, S. C. Weaver, and James Dye.

Last year receipts were \$130 20, expenses \$106 22, leaving a balance of \$45 98.

The People's Building Association Saturday night issued 356 new shares of stock.

The Limestone Building Association closed its March series with 442 new shares of stock.

Robert A. Cochran, Jr., will put down a concrete walk leading through his beautiful lawn.

Rev. Dr. C. P. of Millersburg preached two excellent sermons at the M. E. Church, South, yesterday.

There were five additions to the Central Presbyterian Church yesterday, and one to the First Baptist Church.

Miss Mamie Wheeler is suffering from a partial loss of her eyesight. She is in Cincinnati under the care of Dr. Ayres.

Professor McKinley of Dover was in the city Saturday. He says there is no truth whatever in the report that he is going to marry Mrs. Jerry C. Grove.

The L. and N. will sell round trip tickets from Mayville to Lexington and return, on account of the races, for \$2 50 May 7th to 14th, good returning until May 16th.

There were 156 in attendance on the Sunday school of the M. E. Church, South, yesterday—the largest number ever had on the roll-call. Among those present was one gentleman who had not been there before for 54 years.

AGAINST WILLIE.

"The Courier-Journal" Takes a Stand Against Breckinridge.

Sunday's Courier-Journal.

The Courier-Journal publicly regrets the necessity which compels it, as a duty to the public and the Democracy, to depart from its rule of strict neutrality between contending candidates of the Democratic party prior to the verdict of a convention or primary election. But the situation in the Ashland District, unfortunate as it is unprecedented, makes it imperative that every journal which has the good of the party at heart, which cherishes the honor of Kentucky and which appreciates its obligations to society, shall protest with all its power against the re-election to Congress of Colonel W. C. P. Breckinridge.

We do not undertake what he has done for his party and the cause of Tariff reform in the past. But even if his ability for further usefulness were not destroyed by the miserable scandal which has darkened his name, the party could not afford to accept his services at the price it would be forced to pay. It is idle to attempt to obscure the issue with sophistical distinctions between Colonel Breckinridge's public and private life. The case has gone far beyond the possibility of that. The question simply is, do the people of Kentucky propose to send a Representative to Congress the man whom Colonel Breckinridge confessed himself to be in his testimony before a Washington Jury? It is a question which transcends the limits of the Ashland District and of the state itself. It is a question in which the people of the entire Nation are deeply interested, and it is a question which we have no doubt will be answered by the citizens of the Bluegrass in a manner which shall not only vindicate their own self-respect, but gratify the millions of worthy men and women who are the mainstay and hope of our Republican civilization, and who are shocked at the mere possibility of an official honor to such a man as Colonel Breckinridge, at such a time as this.

That part of his speech yesterday devoted to the scandal in which he has figured were better passed over in pity. It was a strange exhibition of marvelous effrontery, wretched taste and mentally and morally oblique casuistry. It is amazing that such a ploy could be made by one of Colonel Breckinridge's intelligence and age.

AND now the 325 miners employed by the McLean County Coal Company, of which Vice-President STEVENSON is President, have decided to strike. They will ask for increased wages.

BRADSTREET's review of the state of trade for last week says the movement of general merchandise throughout the country is smaller in volume. Spring trade is finished and orders for fall delivery are, with few exceptions, not meeting expectations. Jobbers in leading lines at almost all larger cities report sales almost without exception as of a hand-to-mouth description. The extension of the coal and coke strike, accompanied by riots at Cleveland and Middletown, has emphasized the depression. The industrial situation, therefore, has not improved. Strikes of iron ore miners among building trades, with an extension of the coal miners strike, and the almost total cessation of operations in the coke regions, have swelled the total number of idle industrial workers to full 215,000. Shut downs of industrial concerns dependent on coke or coal for fuel are increasing, notwithstanding an attempt of coal operatives and operators to get together to arrange a basis of settlement.

More people, and especially most merchants and certainly all importers, say The Commercial Gazette, understand the difference between ad valorem and specific duties.

Both have been tried.

Largely the ad valorem system predominated until experience demonstrated that it opened the doors to fraud. False invoices were manufactured, Consuls were bribed and honest importing merchants suffered. In every contest between honesty and dishonesty in interpreting the laws and in adopting measures under the laws the honest man is always driven to the wall. Specific duties mean the value of the goods at the port of entry. Invoices are not ignored, of course, but they are not final; thus honesty has a reasonable chance in the conduct of business.

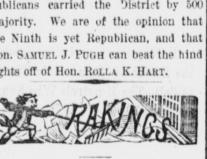

Mr. MANNING, Secretary of the Treasury in Mr. CLEVELAND's first Administration, influenced by the opinion of importing merchants of high standing, expressed his disapproval of the ad valorem system, and supported his views by strong arguments. The Republican Congress, acting upon sound principles and governed by the experience of many years, adopted the specific system very largely. Now comes the Democratic Congress, through the Wilson Tariff Bill and through the amended bill which they are struggling to get through the Senate, and undertakes to go back to the ad valorem system. There does not seem to be any better reason for this than that it was a Republican measure. This is probably sufficient for the Democratic mind, which is manifestly cast in a very small mold. That party would turn back the hands of the clock any day in order to show their disapproval of Republican methods even though this involves questions of honesty and reform.

Leading Importing merchants of the East who want to be honest have protested against the ad valorem system, which opens the doors in many different ways to dishonesty. Under such circumstances, as we have said, honesty is always at a disadvantage, and, therefore, the tendency is to increase dishonesty. The latter needs no encouragement other than an opportunity to lie and steal.

The Norton Iron Works at Ashland, has long been turning out tons of iron a day, has been forced to bank its fires because of inability to secure a coke supply, and will remain idle until the strike is settled. The entire plant, usually employing 300 men and boys, is at a standstill. Oh, my! how business is reviving since the Sherman Law has been repealed.

The bill to improve the method of accounting in the Treasury Department passed by the House proposes a reduction of 135 in the number of clerks employed, making a saving of nearly \$180,000 in the salary list. This is certainly a desirable stroke of economy; but why don't you cut down the expensive speeches that are being fired at the empty benches of the House?

In 1891 the Democrats carried the Ninth Congressional District by over 3,000 majority, electing Congressman PAXTER. In 1893, two years later, the country, representative and Senatorial elections as the basis, the Republicans carried the District by 500 majority. We are of the opinion that the Ninth is yet Republican, and that Hon. J. PUGH can beat the hind sights off of Hon. ROLLA K. HART.

THE COLONEL'S OMINOUS SILENCE.

Philosophical Review. Having seen the Democracy perform its episodic feat of "marching through the slaughter house into an open grave," Colonel Henry Watterson has nothing more to say at present.

LOOKING FOR A PLAZA.

W. H. Abbott. Where will the hunted, branded and discredited Democratic Administration find a Senator who can adequately answer Senator Hill's arguments against an income tax bill? Is the sapsisse Sycamore of the Wabash equal to the strain?

DISCOVERED AND RECTIFIED, TOO.

Minneapolis Tribune. One of the biggest overturnings in the country was in the town bearing the President's name. In 1892, Cleveland, Ohio, went Democratic by 4,000. This month it went Republican by 5,000. Cleveland is a manufacturing city and its workmen have discovered their mistake.

SO TRUE WITH THE WILSON BILL.

Boston Journal. It is the patriotic duty on the part of the Republican Senator to interpose every possible difficulty and make every particular weapon to block the way to the Wilson Bill. Every week's delay is so much time gained for the business interests of the country. The Tariff smashers are public enemies, and to resist them is a duty.

A happy home is the sweetest type of heaven on earth; it is the only place that can truly be called heaven on earth. A happy home is not composed of an old mansion, exquisitely and expensively furnished; it is love that makes the happiest homes. Love hides all faults and defects; love covers a "multitude of sins;" love is the keynote of true happiness. Show me a family that are cool and indifferent to each other, and I will point you out a house that is as gloomy and dismal as a tomb. Without love there can be no cheerfulness and sunshine in the house. It really requires very little to make home happy, if everyone has a warm, tender heart, and each individual is always looking and searching for its greatest charm. Our peace and comfort is derived from the most common blessings of life; a thankful heart is a blessing; a pleasant voice is the sweetest music ever heard; a kind look, a smiling face is the most beautiful picture to behold; an artist's brush can paint anything half so well. And yet these things cost but very little; even the most humble can afford them, if he or she will. The humblest cottage may be filled with sunshiny, cheerfulness, kindness and sweetness.

A BIG FIRE.

Wheyly Reper and Mowers Works at Muncey, Ind., the Loss Being \$20,000,000—No Insurance.

MUNCY, Ind., May 7.—Sunday afternoon at 4 o'clock William N. Whitley's reper and mowers works were destroyed, and in less than an hour this magnificent factory was a mass of smoldering ruins. It was one of the largest factories in eastern Indiana, and the loss will be keenly felt. Mr. Whitley moved his factory to Muncy two years ago from Springfield, O., and has built it up from the ground to six hundred men in employment.

The largest loss was the burning of the patterns which were the accumulation of a lifetime. A conservative estimate of the loss places it at \$20,000,000. The insurance companies placed the rate so high that it was dropped. The fire originated from a stove situated in the south wing, where machines were being dried.

Sgt. Whitey arrived home Sunday evening from Chicago while the fire was the fiercest. To a correspondent he stated that the factory would probably be rebuilt immediately and much more extensively.

The loss will not place Mr. Whitley in a strait financial embarrassment, as he lately won suits from the McCrory and other reper companies and will receive about \$800,000. A large majority of the people employed came to Muncy from Springfield.

George Peffer of this city, an account of whose injuries was given in Saturday's LEDGER, died at St. Elizabeth's Hospital, Covington.

He was run over by a C. and O. train near Steptoe and so crushed that the amputation of both legs and one arm became necessary.

There is some conflict of evidence as to just how the accident occurred.

Peffer, whose age was 19, fell under the wheels from somewhere on the car where he had concealed himself to steal a ride.

While Mr. T. J. Richley, of Altona, Mo., was traveling in Kansas he was taken violently ill with cholera morbus. He called at a drug store to get some medicine, and the druggist recommended Chamberlain's Coke, Cholera, and Diarrhoea so highly he concluded to try it. The medicine gave immediate relief, a few doses cured him completely. We made him complain and nothing else. It never fails. For sale by Theo C. Power, Druggist.
